## MEETINGS AND FORAYS 2018

### Indoor Meetings

These are held at 7.30 p.m. (though the time may vary slightly) in the Friends' Meeting House in Woodhouse Lane, Leeds (opposite the University, at the junction between St. Mark's Street and Woodhouse Lane - SE293349. There is a car park behind the Meeting House in St. Mark's Street.) Meetings are, when possible, on the first Thursday of the month. **Please take note of the dates printed here!**

The first indoor meeting of the year will be held on **22nd March**, when we will discuss our finds and forays last year. The following two Spring meetings will be on **April 5th** and **17th May**, which will be the date of our AGM, with refreshments.

**There are no indoor meetings in June, July and August.**

The first three **Autumn** meetings are on **6th September**, **4th October** and **1st November**. They will be identification sessions, and these are always enjoyable and an opportunity to learn more. Bring along your finds, guide books and magnifying glasses; there are a few electric points if you want to bring a microscope or computer. It can be helpful to bring an extension lead too.

On **6th December** we will have our Midwinter Social. We ask everyone to bring along a small contribution of food or drink (no alcohol, please) and we will discuss our future programme; all suggestions are welcome!
